

Need help with your utility bills?

You may be eligible for the Energy Assistance Program.

The Energy Assistance Program (EAP) helps with the cost of heating your home; by providing a one-time annual benefit that can assist with the high cost of home energy during the coldest months of the year. EAP can help prevent disconnection or help restore services if they have been disconnected.

Our intake assistant can assist you with completing your EAP application and together with one of our intake specialists can determine your eligibility for EAP benefits.

**Schedule your EAP
appointment TODAY!!**
